

INTERMEDIATE VINYL

Intermediate vs. High Performance?

"Intermediate vinyls have certainly improved from when they were introduced into the sign industry in the 1980's. Now, most intermediates are glossier and last longer, but this doesn't mean they have replaced high performance vinyls. We continue to sell a lot of high performance vinyls because they are more conformable to uneven surfaces, they shrink less and they don't fade as fast. If you want to offer your customer a high quality sign with the longest vinyl life possible, it is important to choose high performance vinyl instead of intermediate vinyl."

— Frank

DURARED™ 5 Year Intermediate Red Vinyl

Features:

- 3 mil calendared vinyl
- 5-6 year outdoor durability
- High quality solvent-based adhesive
- Fade resistant pigments for longer color life

Color Name	#
